# Food safety and hygiene: Keeping your business healthy

The food service business is thoroughly surrounded by laws and regulations. It's not an easy task to live up to the extremely high standards demanded. Especially when it comes to Food Safety and hygiene. Luckily, there's help to get. Professional help.

## Restaurant and kitchen cleaning with Vileda Professional

Maintaining maximum levels of hygiene and food safety in restaurants, kitchens and catering facilities is paramount for the long-term performance and reputation of your business. Not only to keep the customers healthy and happy, but to improve cooking standards and staff wellbeing.

However, it is not an easy task to live up to the extremely high demands of the food industry. Laws and regulations impact the restaurant and catering business, both national and European.

To meet these regulations while ensuring efficiency five factors are crucial:

- A rational and effective hygiene plan
  - Modern cleaning methods that meet the specific needs of your operation
  - A complete range of high-quality, colour-coded utensils
  - Comprehensive staff trainings
  - Durable or single-use microfibre cleaning
- Under consideration of your specific needs we can create a tailor-made cleaning and hygiene plan that will fit and support your HACCP (Hazard Analysis and Critical Control Points) global plan. Contact us directly and allow us to advise you.

# Make your guests feel at home

## Hotel cleaning solutions from Vileda Professional

You never get a second chance to make a first good impression – especially in the hotel business. From the chairs in the lobby to the beds in the rooms, guests aren't only expecting a clean environment, they're literally investing their money to get it.

Vileda Professional offers innovative hotel cleaning solutions to significantly improve the cleanliness of all accommodations:

We offer robust and durable cleaning systems

You can rely on highly perceivable cleaning results

Our microfibre products comply with highest hygiene standards

All our products are easy to use and fulfil high ergonomic standards

We train your staff in user friendly and highly efficient cleaning methods

We offer a sustainable hotel cleaning concept that decreases chemical and overall water consumption

Increase your room occupancy, decrease your costs

Our Vileda Professional promise to you: By increasing the cleanliness and overall hygiene of your hotel accommodations you can increase your room occupancy rate, while reinforcing guest loyalty. We can help you raise cleaning efficiency and effectiveness to achieve that exact goal. Interested? Please feel free to contact us for a personal product presentation.

# UltraSpeed Pro

## Unbeatable performance

Compared to current bucket-and-press systems, UltraSpeed Pro outperforms them in every aspect.

- Clean over 750m<sup>2</sup>\* (8000 sq. ft.) per hour single step or 360m<sup>2</sup>\*\* (3800 sq. ft.) two step
- Faster wringing – simple to use and twice as fast\*\*\*
- Efficient press – releases up to 50% more water\*\*\*
- Floors dry faster – reduce slip hazards
- Latest microfibre mops – better dirt removal
- Hygienic – no hand contact with mops or cleaning solution
- Easy to use – no training required
- Ergonomic – lightweight, no bending to wring
- Compact – small footprint for space saving storage
- Versatile – single and double bucket, optional push bar

\* Calculations based on figures from Fig (an independent German research and testing institute for Facility Management)

\*\* Figures from Fig

\*\*\* Compared to leading flat mop bucket and press systems

## UltraSpeed PRO

#### Scrubber Mop

## UltraSpeed Mini Starter Kit

Small in size. Big on Performance.

UltraSpeed Mini is the latest addition to the hugely successful UltraSpeed family. Created specifically to fulfil the requirements of all small area cleaning (107-322 sq ft/ 10-30 m<sup>2</sup>), UltraSpeed Mini combines the ergonomic, performance and hygiene benefits of the existing UltraSpeed range into a small, compact system.

Includes bucket, wringer, frame, MicroLite pad, SafeMop pad.

## UltraSpeed Mini Frame and Mini handle

Small in size. Big on Performance.

For use with with single mops/Ultaspeed Mini

## UltraSpeed Mini MicroLite

- 90% PES microfibre for outstanding cleaning performance
- 10% PA fibre (grey) for stubborn dirt removal
- Cut off RBGY colour coded tags

## UltraSpin Mini

UltraSpin Mini is very easy to use. Simply place the mop in the cleaning solution, insert into the wringer, press the foot pedal to start the spinning motion then remove and start cleaning. Plus as the spin wringer is operated by a foot pedal it is very ergonomic for users backs and wrists and they do not need to bend or push a lever to operate the press.

# Wiping

Which properties do you need? High absorbency for wet surfaces? Absolutely streak-free, lint-free cleaning for glossy surfaces? Removal of grease and stubborn fingerprints in a single wipe – without chemicals? Which method best suits your cleaning and hygiene tasks? Bucket method? Spray-cleaning system or pre-preparation of cloths? Vileda Professional's comprehensive range includes cloths for every need and every system, from economical semi-disposables to advanced microfibres.

## PVAmicro

High absorbant PVA coated microfiber cloth. Holds 40 times less residue after rinsing. Streak free-Scratch-free. Easy to rinse and high coverage performance.

## MicroTuff

MicroTuff Base provides quality cleaning at an affordable price.

### Features Benefits

- Pre-prepared and spray bottle method
- Variety of cleaning methods
- Colour coding options (BRYG)

## MicronSolo Disposable Cloth

MicronSolo is the best-in-class choice when you need a top hygiene cleaning result, and consider single-use products as the best option for your site.

## MicroTuff Easy

The new knitted microfiber short-term towel in a practical dispenser box.

The MicroTuff Easy combines a very good microfiber cleaning performance with a dispensing system.

You need a cloth with low washability requirements to save on logistics and laundry costs, or to serve smaller items without a washing machine.

## MicronQuick

MicronQuick is using a revolutionary new technology of microfiber production.

Finest split microfiber on the market. Vileda Professional MicroFibre technology offers 50% reduced fibre thickness for the highest cleaning performance even on bacteria.

Up to 99.99 % bacteria removal. Proven by independent testing institute (BMA tested).

## Breazy

A semi-disposable cloth with microfiber cleaning performance, Breazy can be used on all surfaces including desktops, cupboards, chairs, counters, bars and all washroom surfaces.called a semi-disposable.

# General

Vileda Professional's comprehensive range of mechanical cleaning utilities cover every need. Here are some examples of products that are commonly used for restaurant and kitchen applications.

## Caution sign

Floor signs alert the public to the dangers of slippery, wet floors or other hazards that pose a safety risk. The 28 inch tall signs fold for convenient storage and are printed on both sides in/ or English/ French.

## Miraclean Miracle Spot Remover

Try the new, effective Miraclean. With a minimum of effort, it will instantly take away marks that used to be a problem. No need for aggressive chemicals, no need to struggle and sweat over annoying marks anymore, just dampen Miraclean in water and rub the mark away.

## Blue PurActive Scrubbing Pad

PurActive special coating easily lifts stubborn grime while being gentle on all hard surfaces.

## Synthetic Sponge with Scouring Pad

Synthetic material is more economical than cellulose but still has good water absorption properties.

## Green Scouring Pad

For situations where heavy duty cleaning on stubborn dirt is required.

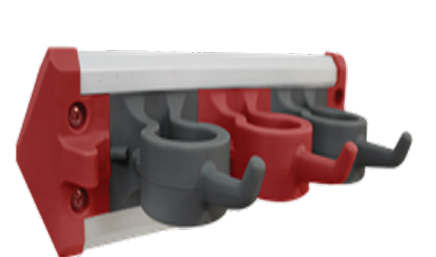

## Bath Magic

Clean every bathroom surface easily, and without bending or overreaching with the Vileda Bath Magic bathroom mop

## Dual Action Duster Set

- Fluffy microfiber duster for dry dusting
- Double-sided chenille and microfiber duster for deep cleaning
- Telescopic handle that fits on both feather duster heads

## Vileda Tool holder

The Vileda Handle Holder fits most handles and is designed to organize your cleaning tools, saving you storage space. Ideal for use in broom cupboards, the laundry, garage, garden shed, workshop or utility room.

# Brushware

Stiffness, durability, resilience and cost are a few of the characteristics that will determine the fiber better suited for the task at hand. Choosing the proper broom for the job will provide more efficient sweeping at a lower cost.

## Oskar Broom with Dustpan

Exclusive, sharply angled fibres to provide better reach in the narrowest spaces. Flagged tips trap dust and dirt for really clean floors. Matching clip-on dustpan to collect dirt thoroughly. Handle included

**THE MOST SOLD  
BROOM IN  
CANADA**
